Dear Strata Councillors & Managers

RE: CROWN ROOFING LTD

In May of this year, Crown Roofing completed a roof replacement for one of our strata properties, a 32 unit townhouse complex in Richmond.

This is a letter of recommendation based on our experience with this project.

The job was competitively priced, completed well within the projected time frame and with a minimum of inconvenience to the residents.

I have been involved in many roof replacement projects for clients over a 40 year property management career and this one was easily the best.

Yours truly,
CENTURY 21 PRUDENTIAL ESTATES (RMD) LTD.
